

2014 Asia Pacific Summer Analyst Program

Investment Banking Division

ABOUT BARCLAYS

Barclays is on a journey. One that will give you many opportunities to make a positive impact across our business.

We have a 300-year-strong foundation on which to build. Our status as one of the world's major financial services providers gives us weight and momentum. Our expertise across personal banking, credit cards, corporate and investment banking, and wealth and investment management offers true variety. And in over 50 countries around the world, our 140,000 people are coming together to set examples of accountability, collaboration, good citizenship and, above all, pride in the work we do. All guided by a strong set of values: respect, integrity, service, excellence and stewardship.

This future is yours. And it all starts today.

THE SUMMER INTERNSHIP PROGRAM

The Barclays Summer Internship Program is designed to provide our summer interns with broad exposure to the businesses. This 10-week intensive program consists of real and practical work assignments that allow you to participate and contribute to real meetings and research projects. We also emphasize on balancing work through a variety of corporate events and social community events that enable you to build a vital network of colleagues and friends. The goal of the summer program is to provide a solid base and experience in Investment Banking, and an opportunity to confirm your career aspirations.

WHAT WILL MY ROLE BE AS AN INVESTMENT BANKING ANALYST?

Our Analysts take on a high profile role and early responsibility in a highly competitive industry. As an Investment Banking Analyst, you are expected to execute a variety of roles such as performing financial valuation analysis, building and applying financial models, preparing presentation materials, participating

in client meetings, conducting industry research, and executing transactions from start to closing. Your supporting role is the cornerstone of our success in providing sound client solutions and advice.

Currently Available Locations: Hong Kong, Singapore or Tokyo
