can make with Citi.

PROGRESS MEANS

*Instant responsibility.
Building my brand from day one.
Pushing past my limits.*

2018 APAC SUMMER INTERNSHIP OPPORTUNITIES

At Citi, our people make great things happen every day by working together. Whether you're an associate or an analyst, your ideas, insights and collaborative drive will help shape the future of banking and make us stronger.

Draw on your international experiences and progress your career with Citi in Asia. We offer career opportunities in various countries throughout the Asia Pacific region. Come and meet us to explore the chance to get involved in progress in all its shapes and forms, right across the world.

The Citi Asia Pacific Campus team and select APAC business representatives will be visiting different US campuses and hosting events in our New York office between **October 2 - October 6, 2017**. Please speak with your school's career centre or visit oncampus.citi.com and register under "University Programs", "Events".

Apply now at oncampus.citi.com

2018 ASIA PACIFIC SUMMER INTERNSHIP OPPORTUNITIES

One of the primary ways in which we identify the very best talent is through summer internships. These are paid programs aimed at penultimate-year students. Internships run for 10 weeks from June 2018 - August 2018. You'll be exposed to a mixture of training, social events, and professional experience. At the end of the internship, we offer the best people a full-time role, starting after graduation. Internships are available for Analysts (Undergraduate and Master's students) and Associates (MBA students with 3-5 years of working experience).

We are seeking penultimate year students graduating in 2019 who are interested to work in Asia at the start of their career. Work visas will be provided to those that require work sponsorship in Hong Kong for the summer; however, other countries may require applicants to have their own individual sponsorship. We encourage students to apply as early as possible as all applications will be reviewed on a rolling basis.
