

We're hiring.

Merck Research Laboratories is growing with the addition of over 100 talented, creative scientists who will join our vibrant, multidisciplinary site by the end of 2007.

**...over 100 talented, creative scientists
will join our vibrant, multidisciplinary site**

Developing therapies to advance the treatment of cancer and neurodegenerative disease, our scientists use the most advanced tools available.

Join us in Boston for our Career Fair.

Thursday, November 16, 2006
10:00AM - 6:00PM

33 Avenue Louis Pasteur
Boston, MA

- Meet potential colleagues, hiring managers and recruiters
- Attend one of two informational sessions to learn about our culture, our interdisciplinary organization and our mission. Sessions begin at 11:00AM and 2:00PM.

**Pre-registration is required
at www.merckboston.com**
