www.nasa.gov

NASA is seeking undergraduate students from diverse communities interested in unique hands-on experiences with NASA scientists and engineers. These internships are available year-round and at all NASA facilities. Selected students receive a stipend and round-trip travel allowance.

To apply, students must:

- be classified as a rising sophomore, junior, or senior by start of internship
- be a US Citizen
- be enrolled full-time in an accredited US College or University (Community College students may apply, but placement is contingent on matriculation into an accredited 4-yr institution)
- have a minimum cumulative GPA of 3.0 out of 4.0
- be enrolled in an engineering, mathematics, computer science, or physical/life science related program or demonstrated coursework concentration
- have demonstrated strong interest and commitment to one of the above career fields or disciplines
