

Joint Institute for Marine Observations

Undergraduate Internship Program

The Joint Institute for Marine Observations (JIMO) is a cooperative institute between Scripps Institution of Oceanography/UC San Diego and the National Oceanic and Atmospheric Administration (NOAA). Its mission is to foster and enrich a center of excellence in which scientific research, education and public outreach are joined to strengthen and improve our understanding of global ocean, climate and earth sciences through individual and collaborative research.

Juvenile steelhead implanted with transponder tags tracked using a portable antenna

JIMO is currently seeking applications for its 2009 Summer Internship Program. Applicants should be inquisitive and motivated undergraduate students with a strong background in quantitative science with majors in Marine Science, Chemistry, Biology, or Engineering. Applicants must be U.S. residents or permanent citizens.

Ocean observing float deployed at sea

Summer Intern salary will be \$12.00 per hour, not to exceed 40 hours per week. This program lasts for approximately 10 weeks.

This internship is located at Scripps in beautiful La Jolla, California.

Deadline for applications will be **April 15th, 2009**. Applicants considered for internships at JIMO will be notified by May 1, 2009. Visit <http://jimo.ucsd.edu> and follow the "Summer Internship Program" link to view all of the requirements and to download the application form and instructions.
