KING'S
College
LONDON

MSc in Neuroimaging

- ▶ King's College London's Institute of Psychiatry (IoP) is one of the world's largest postgraduate teaching and research centres for studying the brain in health and illness.
- ▶ The Neuroimaging department has pioneered work in functional MRI, diffusion tensor imaging, pharmacological MRI, EEG and advanced image analysis techniques.
- ▶ Our MSc course provides comprehensive training in the science and methodology of neuroimaging techniques and their application to neuroscience, psychology, psychiatry, neurology and beyond.
- ▶ All lectures are given by experts in their field, providing students with in-depth knowledge across the spectrum of neuroimaging specialisms.
- ▶ The course is aimed at applicants from a wide variety of backgrounds.
