

Boston University

# M.S. and Ph.D. in Bioinformatics

## Admissions and Recruitment Reception

October 3, 2012: 5:00 - 7:00 p.m.

LSEB Lobby, 24 Cummington Mall, Boston, MA

### The Event

An opportunity for prospective students to learn about our Fellowships for PhD study in Bioinformatics. We will have faculty, current students, and staff available for informal discussions about our research, M.S. and PhD curricula, and the admissions process.

### Who Should Attend?

- Undergraduate seniors and M.S. students with an interest in interdisciplinary research
- Students with a strong background in either the biological or computational sciences

### Who We Are

The Bioinformatics Graduate Program includes faculty from a broad range of departments on the Charles River and Medical School campuses, including Biology, Biomedical Engineering, Biostatistics, Chemistry, Computer Science, Mathematics and Statistics, and Medicine. Student research is strongly interdisciplinary and geared towards biological networks and systems biology; genetics and genomics; biomolecular structures and dynamics; and mathematical, statistical, and algorithmic methods.

Take the MBTA green line B train  
to the Blandford Street stop.
