STeLA is an international student organization devoted to science and technology leadership.

***Improve your leadership skills***

***Build your international networks***

***Learn about overpopulation and urbanization***

The 2013 Forum will bring together graduate and undergraduate students from across the globe to discuss critical issues.

Visit [stelaforum.org](http://stelaforum.org) for more information or email [us-staff@stelaforum.org](mailto:us-staff@stelaforum.org).

STeLA-US is organized by MIT, Stanford, UC Berkeley, and the University of Michigan
