

**Q&A with Dr. Jeffrey Baker
Deputy Director, Office of Biotechnology
CDER at the US FDA**

**Thursday April 24th
3:30-4:30pm
Building 76-259 (Koch)**

If you would like to learn more about the biopharmaceutical industry, please join us for a Q&A with **Dr. Jeff Baker, Deputy Director of the Office of Biotechnology, CDER - FDA**. In addition to his time at the FDA, Dr. Baker has extensive industry experience and is happy to answer your questions about the industry as well as provide input on what he views as important areas for development in biomanufacturing.
