

Summer 2016 Amgen-UROP Scholars Program

**An Undergraduate
Research Program
in Science &
Biotechnology**

- **Conduct full-time summer research in a MIT lab;**
- **Participate in educational activities & workshops;**
- **Attend a mid-summer research symposium at UCLA;**
- **Take part in networking & social activities**

The program offers a competitive compensation package. Amgen Scholars working 40 hours per week for the 9-week period will earn \$4,320, based on an hourly wage of \$12.⁵⁵. Housing in a designated MIT residence hall and an \$800 food allowance will also be provided.
