

ATTENTION STUDENTS:

MIT Global Education & Career Development is pleased to announce the launch of the
2017 MIT Physician Shadow Program.

Please read ALL of the information below and follow all of the directions before you reach out with any questions. You'll notice that we are using a Google Form and Google Drive to facilitate a smooth sign-up process for the program.

REQUIREMENTS FOR PARTICIPATION

1. You must be a current MIT undergraduate student.
2. You must meet the [MIT Health Requirements](#). We will be verifying your immunizations with MIT Medical in addition to the documentation you must provide as part of the sign-up process. More instructions about immunizations is provided in the Google Form below.

Overview:

- The shadow program is for current MIT undergraduate students seeking the opportunity to see firsthand what a typical day is like for a physician.
- Shadowing opportunities are typically one half-day or one full-day in length. Duration, date and time will be determined by the student and the physician.
- Physicians' schedules vary, so you should be flexible/accommodate your physician's availability.
- All shadowing opportunities are expected to be **completed between February and May 2017.**

Directions for how to sign up:

1. Go to the [Google Form](#). Read all of the instructions and follow them carefully to sign up.
2. Once you've filled out the Google Form at the link above, go to the appropriate hospital folder in Google Drive (see link below) for the hospital you signed up to shadow at and download and complete the specific documents for that hospital. Instructions for what specific documents are required for shadowing at MGH, Boston Children's Hospital or Tufts are included in the Google sign-up form in step 1 above.

Shadow Program Forms in Google Drive

3. Email all required documents (JPEG or scanned) to Akunna Rosser (arosser@mit.edu) **by Monday, January 30th 2017.**

NOTE: If you do not submit your required documents by Monday, January 30th 2017, you will not be granted a shadowing opportunity.

NOTE: A signature is required on certain forms. **Only a handwritten signature (not a typed one) will be accepted.**

MIT Prehealth Advising will email you by the end of February to provide you with more instructions about your physician assignment and on how to get in touch with your physician about setting up your shadowing opportunity.

Best regards,

Akunna Rosser
