

## Analyst Internship Opportunities

This is a position for 2nd and 3rd year undergraduate students with research experience working toward a degree in **economics, computer science, finance, mathematics, statistics** or related subjects.

Candidates should have strong **quantitative, analytic,** and **organizational skills**, and a desire to work in a pragmatic, **research-oriented** environment. Analysts will have opportunities to interact with academic affiliates and clients. After a few years at Analysis Group, many analysts go on to matriculate at top graduate and professional programs.
