

# 1 Part Science. 1 Part Policy. Mix Well.

NEW MINOR IN ENVIRONMENT AND SUSTAINABILITY | CORE SUBJECT

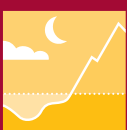

**People and the Planet:  
Environmental Governance and Science**  
**12.387 / 15.874 / IDS.063**

Scientific methodology has a critical role to play in developing sound governance solutions. With challenging, in-depth case studies, assess the complexities of environmental issues that have human and natural components using quantitative modeling, analysis, and policy exercises.
