HEALTH CAREER CONNECTION

www.healthcareers.org

Hello Students and Advisors,

Health Career Connection (HCC) is excited to announce the opening of our application for the 2018 Summer Internship Program. The Summer of 2018 will be HCC's **28th internship season** of offering PAID internships to undergraduates and recent college graduates.

If you, or someone you know, are interested in a career in the health field and want to **gain valuable experience, exposure and mentorship** in public health, health administration/management, health policy/advocacy, and community health don't miss this opportunity! HCC offers internships with leading health organizations in California, New York, New England, Washington D.C., North Carolina and Nashville.

HCC interns are placed full-time with organizations such as **hospitals, health systems, health policy institutes, health consulting firms, health departments, community health centers, community-based organizations, and non-profits** to work on meaningful projects. To learn more about our partners, visit, www.healthcareers.org/partners/. Interns gain practical, marketable skills and knowledge, and are provided with leadership training and professional development. Interns come away with in-demand skills, concrete life and career plans, connection to top graduate schools, mentors, and a network of supportive peers to help them throughout their journey. **70% of our interns are offered a job or extended internship opportunity.**

The application closes on **December 20th, 2017**. All majors are welcome as long as you have a **passion and demonstrated interest** in pursuing a **career in health**. HCC serves students from all racial and ethnic groups, First generation students and those from economically challenged backgrounds are strongly encouraged to apply!

Visit www.healthcareers.org for more information. The online application can be found out:

Please note: Clinical and research internships are not offered; however pre-clinical students interested in getting exposed to health administration, public health, health policy and community health are welcome to apply. HCC also is increasing opportunities in primary care and behavioral health internships.

Informational Webinars:

To learn more about the HCC Summer Internship Program, please join us for an HCC informational and preparation webinar. To register for one of our upcoming webinars please visit our website.

Don't delay—start your application early! Applications will be read as they are received. If you are a student, we look forward to receiving your application. We greatly appreciate you sharing this information with your student network. If you have any questions or would like additional information or materials, please email us at info@healthcareers.org.

ABOUT HCC

HCC is a comprehensive internship program that provides full time paid summer internships to undergraduates and recent graduates in the field of public health and health care.
