

# Summer Institute in Bioethics

## Yale University

Yale's Interdisciplinary Center for Bioethics offers an intensive and international summer institute in bioethics in New Haven, CT, open to graduate students, professionals, and select undergraduates.

The program features a series of morning lectures surveying the field of bioethics and over twenty-five small, intensive seminars on topics such as neuroethics, end-of-life care, law, philosophy, technology, and social justice in medical care, including one seminar in Spanish for native speakers. Students also visit the esteemed Hastings Center and receive weekly classes in professional development, culminating in the writing of a short paper and the presentation of a related poster at the Yale School of Medicine. Select students will be invited to "Fast Track," a close mentoring experience to help students develop and publish submissions to bioethics journals.

### **Full Program: June 1 – July 21, 2018**

Tuition for Non-Yale Students: \$1,875 undergraduates, \$2,275 graduate students, \$3,275 advanced professionals.

### **Foundations of Bioethics: June 4 - 7, 2018**

Tuition for Non-Yale Students: \$500 students, \$1,000 professionals.

Course credit may be available, and housing is available within walking distance for an additional cost.

**Rolling admissions.** Applications encouraged by **March 1**, but accepted through spring if space allows.
