

# 24.132 Workshop in Ethical Engineering (2019)

IAP 3-Unit Course

**Date:** Jan 14th-25th, 2019, **Time:** 14:00-15:30

**Room:** 32-124

How can you make sure that what you build is not **dangerous**, **biased**, **harmful**, or **unjust**?

This course will teach you to identify, address, and communicate about the ethical dimensions of your engineering work.

Instructors:

**Abby Everett Jaques**, *MIT Philosophy, Ethics of AI project lead, MIT Quest for Intelligence*

**Milo Phillips-Brown**, *MIT Philosophy, Jain Family Institute*

**Edmond Awad**, *Media Lab, co-creator of the Moral Machine*
