

NGS Information Session

Interested to know more about the
Premier PhD programme and scholarship
 of the National University of Singapore (NUS)
 Graduate School for Integrative Sciences and Engineering (NGS)?

NGS is coming to a city near you. Associate Professor Caroline Lee, Deputy Executive Director of Admissions and Outreach of NGS at NUS will be in the USA (East Coast) to meet with interested students to share about our unique, integrative/transdisciplinary PhD programme, application criteria and process, as well as our generous, bond-free, tax-free PhD scholarships, with attractive book, computer and overseas conference/attachment allowance, and other benefits.

If you are are passionate in doing
 high calibre, integrative research in any branches of
 Science, Engineering, Computing and Biomedicine
 come and join us for an evening of talk, dinner and networking

Date & Time	24 Oct Thurs :: 6pm – 8pm
Location & Venue	Room 4-237 :: Massachusetts Institute of Technology
