AND PLANETARY SCIENCES

Course 12 Careers: PhD Not Required

Our alumni have found a multitude of career paths in industry, government, and public education that don't necessarily require a PhD.

Join us for a discussion and open forum where a few Course 12 alumni share their diverse experiences and offer their best advice for pursuing a wide variety of careers with a bachelor's degree in Earth, Atmospheric and Planetary Sciences!

Sept 25, 2020 | 5PM [EDT - Boston time]
