PoweredUp Boston
October 14 + 15, 2010

Boston has played a key role in the history of the video game industry and is committed to shaping its future. PoweredUp Boston is a 2-day Conference and Expo focused on the gaming industry in Boston:

- * Hear from leading Boston area developers and thought leaders on the latest local and global issues shaping our industry.
 - * Network with local developers, investors, educational institutions and government officials.
 - * Learn about the unique resources and opportunities available to Boston area businesses in the video game industry.
 - * Tour Boston game studios and Boston's Innovation District.
- Whether you are already doing business in the Boston area or are considering starting your business in or moving your business to Boston, PoweredUp Boston will provide you with an unprecedented opportunity to directly connect with the wide variety of resources that are here to support you.
