

Postdoctoral Position Announcement

Cornell University's Latina/o Studies Program, in collaboration with the Department of Science and Technology Studies, invites applications for a two-year Mellon Diversity postdoctoral fellowship to begin in Fall 2018. Candidates should have received their PhDs within the past five years. We seek applications from the full spectrum of S&TS, Latina/o Studies, and allied scholars whose work addresses social/societal dimensions of science, technology, environment and/or medicine in the context of U.S. Latina/o communities and populations; topics can be historical or contemporary. The course load will be 1:1. The fellowship recipient will be expected to participate in programming sponsored by the Department of Science and Technology Studies as well as the Latina/o Studies program. Package includes competitive salary with full benefits, annual research funds, and one-time relocation costs. Review of applications will begin March 15, 2018 and will continue until the position is filled. Please submit a letter of application, a curriculum vitae, a writing sample, teaching statement or sample syllabus, and three letters of recommendation online at <https://academicjobsonline.org/ajo/jobs/10871>. Members of underrepresented populations are encouraged to apply. Diversity and inclusion are a part of Cornell University's heritage. Valid visa is required; visa expedition funds are not provided for this position.

For questions or inquiries contact Debra Castillo, Director of the Latina/o Studies Program at dac9@cornell.edu
