

JOB DESCRIPTION

POSITION: Senior Professor or Professor in Supply Chain Management

ESTABLISHMENT: KEDGE Business School, Campus of Bordeaux, France

DEPARTMENT: Operations Management and Information Systems

KEDGE Business School was created in 2013 after the high-profile merger between two leading business schools: BEM and EUROMED. BEM-KEDGE has been supplying quality education to business students since 1874 and is accredited AACSB, EQUIS and AMBA.

Among KEDGE Business School's postgraduate programmes, the ISLI Programme (MSc in Global Supply Chain Management), with 150 students, was created in 1984 and is classified n°1 in France (SMBG) and n°2 in Europe (EDUNIVERSAL) with a total of more than 2000 alumni Supply Chain Managers. KEDGE Business School publishes a ranked journal in supply chain management (<http://www.supplychain-forum.com/>). The 'Operations and Supply Chain Management' Research Cluster of KEDGE Business School aims at developing new methods, techniques and concepts of organisation and decision making in the areas of Operations and Supply Chain Management (OSCM). It also aims at bridging the gap between the theory and practice of OSCM and to maintain an international academic reputation by publishing research papers in top journals.

KEDGE Business School invites applications for full-time, professorial appointments in Supply Chain Management at any level to begin on June 2014.

Applicants should hold a PhD, and have an expertise in Supply Chain Management. Professors in any field of supply chain research are encouraged to apply. The successful candidate will have the opportunity to collaborate with the OSCM Research Group on research areas such as Supply Chain Network Design, Operations Management, Operations Research, etc. Teaching experiences in areas such as Supply Chain Strategic Modelling, Supply Chain Processes, Supply Chain Collaboration Integration and Implementation would be advantageous.

Applicants are invited to submit a cover letter along with a curriculum vitae detailing their educational background, research and work experiences, and copies of up to four selected publications.

Consideration of candidates will take place as applications come in and will continue until the position is filled.

Tasks :

- Teaching and educational development: undergraduate, graduate and post graduate level.
- Publication in academic and professional journals.
- Student supervision and coaching.
- Answering bids for contracts.
- Participating in the life of the Faculty and working the Programs to improve teaching quality and innovation.
- Participating to Supply Chain Research Consortium like Campus SC. (<http://www.campus-supplychain.eu/>)

Requirements :

- Teaching experience in English and in French.
- Ranked publications in the area of Supply Chain Management.
- Professional experience in Supply Chain Management.
- A PhD in Supply Chain Management or equivalent.

Start date : June 2014
