Summary of Duties and Responsibilities	The Department of Supply Chain and Information Systems in the College of Business at Iowa State University welcomes applications for a tenured/tenure-track Assistant Professor, Associate Professor or Full Professor in Supply Chain Management. This is a new position in the SCM program with an undergraduate major of approximately 300+ students that generates roughly 100 graduates annually. The SCM faculty consists of twelve tenured, tenure-track or professionally qualified faculty members. Primary responsibilities include both research and teaching in supply chain management at the undergraduate, Masters, and Ph.D. levels. Successful applicants will be expected to develop and maintain an outstanding research program. The applicant is also expected to demonstrate strong teaching abilities. The program has teaching needs in a variety of areas including in the areas of logistics, transportation, operations management, and procurement. Successful applicants will support the program's efforts to expand relationships with supply chain companies and professional organizations. The ability to communicate effectively with prospective and current students, industry personnel, and the wider community is essential to this position.
Required Education and Experience	- Applicants must have an earned doctorate in business administration or management with a concentration in logistics, marketing channels, operations, procurement, supply chain management, transportation, or a related field. Applicants must demonstrate the potential for an outstanding research record. -For appointment to the Associate Professor rank, in addition to the above, the successful candidate must meet the university standards for appointment to the rank, including publications in premier journals in supply chain management or related fields and demonstrated ability as a successful classroom teacher. -In addition to the above, applicants for Full Professor must also have a strong

national and international scholarly reputation

Preferred Education and Experience

- Very strong supply chain oriented research record evidenced by publications in leading academic journals.
- Work experience with responsibilities related to operations management, logistics, or supply chain management
- Sustained record of excellence in teaching and the ability to teach a variety of SCM courses; including a variety of logistics and operations management classes at undergraduate, Masters, and Ph.D. levels; and experience supervising and placing graduate students.
- Demonstrated skill in developing and expanding relationships with supply chain companies and professional organizations.

Preferred Licensure(s)/Certification(s)

Department/Program & College Description

About Iowa State University and the Ames Community

Iowa State University is classified as a Carnegie Foundation Doctoral/Research University-Extensive, a member of the Association of American Universities (AAU), and ranked by U.S. News and World Report as one of the top public universities in the nation. Over 34,000 students are enrolled, and served by over 6,100 faculty and staff (see www.iastate.edu). Ames, Iowa is a progressive community of 60,000, located approximately 30 minutes north of Des Moines, and recently voted second best most livable small city in the nation (see www.amescvb.com).

Iowa State University is an equal opportunity employer committed to excellence through diversity and strongly encourages applications from all qualified applicants, including women, underrepresented minorities, and veterans. ISU is responsive to the needs of dual career couples, is dedicated to work-life balance through an array of policies, and is an NSF ADVANCE institution.

All faculty members are expected to exhibit and convey good citizenship within the program, the department, college, and university activities and collegial interactions, and maintain the highest standards of integrity and ethical behavior.
