

**Air Force Institute of Technology  
Department of Operational Sciences**

**Director, Center for Operational Analysis**

The Department of Operational Sciences at the Air Force Institute of Technology invites applications for the Director of the Center for Operational Analysis (COA). This is a non-tenure track position with a renewable 3 year term appointment at the rank of Research Assistant, Research Associate, or Research Full Professor. Candidates should possess an earned doctorate degree in Operations Research, Logistics Management, Industrial Engineering, Management Science, or a related field at the time of employment. The Department seeks applicants who have prior experience in leadership roles, combined with outstanding records of extramural funding.

The Director provides vision and leadership to advance the COA towards being a world-class research center conducting defense-focused analysis in operations research and supply chain management. Successful applicants must have a strong commitment to interdisciplinary research, multidisciplinary collaboration, and fostering and expanding interactions between faculty within the school and with Department of Defense agencies. Rank and salary are commensurate with qualifications.

About the Center: The Center for Operational Analysis (<http://www.afit.edu/COA/>) conducts operations and logistic research that directly impacts the Air Force and the Department of Defense. We accomplish this mission through faculty technical knowledge, student driven research, and contractor expertise. The center maintains close working ties with our research sponsors and affiliates who provide the subject matter expertise to truly understand the operational challenges. In a time when the Air Force and the Department of Defense are looking for improved efficiencies and greater effectiveness, the COA provides a means to achieve these results.

The majority of participating faculty work in the Department of Operational Sciences (<http://www.afit.edu/ENS/>). The department offers world-class MS and PhD programs in Operations Research and Logistics & Supply Chain Management as well as several Distance Learning certificates.

For more information about the position please visit our Department website or the Center's website and click on the employment opportunity link. To apply, send a cover/application letter, unofficial copy of your transcripts, a curriculum vita and a list of at least three references electronically to Dr. Jeffery D. Weir, Chair, Search Committee, at [Jeffery.Weir@afit.edu](mailto:Jeffery.Weir@afit.edu).

Applications will be reviewed starting 18 May 2015 and will be accepted until the position is filled. Expected start date is Oct 2015.

The Air Force Institute of Technology is an equal opportunity/affirmative action employer. Women and minorities are strongly encouraged to apply.
