

Tenure Track Assistant Professor Position

Supply Chain Management

Clarkson University, New York State's highest ranked small research institution is located in the northern Adirondacks in the college town of Potsdam. The Engineering & Management program at Clarkson University seeks a candidate for tenure-track assistant professor position for Fall 2018 to teach courses in sourcing and operations management. The successful candidate will also maintain a research competency in a related area within supply chain management and engineering management.

The Engineering & Management program is housed in the AACSB accredited School of Business and is accredited as an Engineering Management program by the ABET Engineering Accreditation Commission. Our global supply chain management program has been ranked as a Top-20 program in the nation by *U.S. News & World Report* for 14 years.

Quality teaching and scholarship are necessary for tenure and promotion. Successful applicants will hold an earned doctorate in an appropriate discipline and a professional engineering license or the willingness and ability to pursue licensure. ABD candidates near completion will be considered. Review of applications will begin immediately and continue until the position is filled. For disclosure only, the funding of this tenure track position is subject to the university's approval in January 2018.
