

Michigan State University Supply Chain Management Positions – Fixed Term

Michigan State University's Eli Broad College of Business, Department of Supply Chain Management, has two openings for fixed-term instructors or assistant professors for the 2017-2018 academic year. One opening is for Purchasing/Sourcing and one opening is for Supply Chain Management. Duties include teaching and service. Salary and terms are negotiable depending on experience and rank. Each position requires a minimum of a master's degree from an accredited university for instructor rank; assistant professor rank will require a PhD.

MSU is an affirmative action, equal-opportunity employer committed to achieving excellence through cultural diversity. The university actively encourages applications/nominations of women, persons of color, veterans, and persons with disabilities.

Purchasing/Sourcing – Fixed Term

Candidates must have a strong interest and background in purchasing/sourcing. The successful candidate will be expected to teach purchasing/sourcing courses at the undergraduate and graduate levels and to interface with the purchasing/sourcing practitioner community. An ideal candidate will have prior experience in teaching purchasing/sourcing courses and demonstrated ability to work with purchasing/sourcing executives. Interest in strategic sourcing, supply chain analytics, and/or supplier management is highly desirable.

Review of applications will begin October 9, 2017 and continue until the position is filled. To ensure full consideration, applications should be received by November 3, 2017. Applications must be submitted online at <http://careers.msu.edu>. Refer to posting #467655.

For additional information, please contact Dr. Tobias Schoenherr (schoenherr@broad.msu.edu).

Supply Chain Management – Fixed Term

Candidates must have a strong interest and background in supply chain management. The successful candidate will be expected to teach introductory level as well as more advanced SCM courses at the undergraduate and graduate levels and to interface with the supply chain management community. An ideal candidate will have prior experience in teaching supply chain management courses and demonstrated ability to work with executives. Experience and interest in logistics, transportation, manufacturing or service operations, and/or procurement/sourcing is highly desirable.

Anticipated teaching assignments include both large lecture and online courses, with sections of 200+ students. The position involves teaching and service responsibilities during the spring, summer, and fall semesters.

Review of applications will begin October 9, 2017 and continue until the position is filled. To ensure full consideration, applications should be received by November 3, 2017. Applications must be submitted online at <http://careers.msu.edu>. Refer to posting #468220.
