

**Asst/Assoc Professor of Supply Chain Management, Tenure Track
North Carolina A&T State University**

This position supports our efforts toward NCA&TSU Preeminence 2023 goals. The faculty member to be hired will assist the department efforts toward enhancing excellence of a learning-centered environment with dynamic intellectual exchange and a strong experiential component to our Nationally ranked Supply Chain Management program.

This is a 9-month, tenure-track position at a rank equivalent to experience. Successful applicants will be expected to engage in high-quality research (evidenced by publications in leading academic journals), teach courses in the supply chain program, and contribute to developing the future path for the department's growing program.

The Department:

The Department of Marketing and Supply Chain Management is one of the five academic departments in the Willie A. Deese College of Business and Economics at North Carolina A&T State University (NCA&TSU). Located in Greensboro, North Carolina, NCA&TSU is a public, doctoral/research, 1890 land-grant university committed to exemplary teaching and learning, scholarly and creative research, and effective disciplinary and community engagement and public service.

The Marketing and Supply Chain Management Department currently offers an undergraduate Bachelor of Science degree in Supply Chain Management and a graduate Master of Business Administration degree with a Supply Chain Management concentration.

The mission of the department is to develop and graduate agile, culturally competent, and diverse leaders who increase the competitiveness of their organizations and meet the challenges of the future. The Department accomplishes our mission through innovative, evidence-based instruction and relevant practical scholarship, and professional and community engagement in a diverse and inclusive environment.

Minimum Requirements:

This position requires an earned doctorate in Supply Chain Management, Logistics, Operations Management, or Management with a concentration or dissertation focused on Supply Chain Management from an AACSB International accredited business program. Experience in teaching at least one 3-credit hour course in supply chain management or related subject at the university level.
