

The Institute of Production and Supply Chain Management in the Department of Law and Economics invites applications for a vacant position of a

Research Associate/Postdoc (all genders) – 75 %

initially limited to 3 years. An option for increasing the coverage of the position is available – for more information please contact the head of the institute. The positions are classified according to pay group 13 of the TU Darmstadt collective agreement (TV-TU Darmstadt).

Your tasks:

The prospective jobholder is expected to contribute to research and teaching at the institute, in particular:

- Contribute to the various theoretical and practice-oriented research projects of the institute in the area of modelling and optimization of decision problems in production and logistics
- Contribute to the preparation of (and conduct) lectures and seminars
- Supervise student's theses
- Take over administrative duties.

Your profile:

Applicants should have a Ph.D./doctorate with a focus on quantitative studies, preferably in the areas of business mathematics, business informatics, industrial engineering or business management with majors in operations research / management science, logistics or industrial management / supply chain management.

Applicants with experiences in the use of mathematical optimization software, such as Mathematica, MatLab, Cplex or LINGO, will be given preference. Applicants should further be fluent in German or English; proficiency in both languages is desirable.

We offer you:

- Working in an interdisciplinary, committed and motivated team
- A flexible and family-friendly alternation between presence work and mobile work
- Participation in national and international conferences, trade exhibitions, workshops and seminars
- A free entitlement to travel on all regional transport in Hesse with the LandesTicket Hessen in accordance with the applicable tariff regulations
- Free medical check-ups and a wide range of sports at special rates
- A wide range of support opportunities for scientists at the Technische Universität Darmstadt as well as continuing education courses, for example in the Ingenium programme.

The fulfillment of the duties likewise enables the scientific qualifications of the candidate. Opportunity for further qualification (habilitation) is given.

The Technische Universität Darmstadt intends to increase the number of female employees and encourages female candidates to apply. In case of equal qualifications applicants with a degree of disability of at least 50 or equal will be given preference. Wages and salaries are according to the collective agreements on salary scales, which apply to the Technische Universität Darmstadt (TV-TU Darmstadt).

Applications:

Please send your application including a CV and certificates in electronic form to: glock@pscm.tu-darmstadt.de. For questions and further information, please do not hesitate to contact Prof. Glock.

By submitting your application, you agree that your data may be stored and processed for the purpose of filling the vacancy. You can find our → [privacy policy](#) on our webpage.
