

Habitat @ MIT

Once a month we send 16 awesome volunteers to work on a local Habitat house.

During spring break, 14 MIT students travel to a Habitat affiliate somewhere in the U.S. and spend the week building houses.

Talented campus groups get together to show off their skills at our Benefit Concert in February.

We hold an annual Campus Build to raise awareness about the global housing crisis & Habitat's cause. In Spring 2009, we built picnic tables behind Kresge and held a cardboard house building competition right in front of the student center.

The funds we've raised from the Beaver Dash will help to build an MIT Habitat home in Kenya. Thank you!
