

MIT Habitat for Humanity is dedicated to encouraging MIT undergraduate and graduate students to volunteer with Habitat, and to increase campus awareness of the global housing crisis.

Build Days

We hold “Build Days” one Saturday per month, in which 10-15 volunteers can spend the day working on a local Habitat house.

Beaver Dash

We hold a biannual 5k competition called the Beaver Dash to raise money for building Habitat homes and possibly having a home in Boston sponsored solely by MIT .

Spring Break Trip

We send 10 MIT students to a Habitat affiliate somewhere (warm) in the United States every Spring Break. Previous trips have included Florida, Louisiana, and Alabama.

We hope to see you soon!
