

Jr. Scientist Survival Training

Are you a Ph.D. student wondering:

- How do I become a “permanent member” of the scientific community?
- Who is my audience and what do they expect from me?
- How do I get the freedom to define my own research and obtain funds to make it happen?

Come hear author of *A Ph.D. Is Not Enough*, Peter Feibelman, talk about how to survive in science

Date: Wednesday, April 29, 2009

Time: 3:00pm-4:30pm

Location: 4-370

“It took me over forty years to learn from experience what can be learned in one hour from this guide.”

— Carl Djerassi

A Ph.D. Is Not Enough!

A Guide to Survival in Science

Shrewd Advice for Aspiring Scientists:

- * Choose a career path and the right advisers
- * Establish an identity; communicate effectively
- * Win a research job and keep it
- * Select a viable research program; get it funded

An invaluable pocket mentor!

Peter J. Feibelman
