**Addressing state-of-the-art processes,
organizational transitions, analytics,
and technology innovation within
health and healthcare industries**

**SUBMISSION DEADLINE
WEDNESDAY, NOVEMBER 20, 2013**

**POSTER SESSION AND JUDGING
TUESDAY, DECEMBER 3, 2013**

► ► ► Submit abstract online: <http://goo.gl/yKYVI2>

Suggested topics:

(other areas of focus also welcome)

- Healthcare delivery in low-resource settings
- Reducing wait times in an emergency department
- Modeling accountable care organizations (ACOs)
- Software designed to manage family health costs and care
- Robotics in surgery
- New devices for health care
- Organizational changes in hospitals and clinics
- Latest developments in electronic medical records (EMR) or healthcare information technology (HIT)
- Telemedicine

\$1,000 BEST POSTER PRIZE
\$700 SECOND PRIZE
\$300 THIRD PRIZE

Judging:

Author(s) of the best project will receive a \$1,000 prize. Judges from the industry and academia will decide the best projects based on their originality and relevance, potential for impact in the field, and clarity of presentation.

Eligibility:

All members of the MIT community may submit a project that is relevant to health and healthcare. The program organizers reserve the right to cancel or postpone the Showcase and limit entries due to space restrictions, relevance, or other concerns. Only those submissions selected by the organizers in advance will be accepted for presentation. Abstracts must be submitted online at: <http://goo.gl/yKYVI2>

Please contact Nicolene Hengen, nhengen@mit.edu, with any questions.
