

Beyond the Bench: Exploring Opportunities for PhDs in Clinical and Translational Research

PhD candidates, post docs, and junior faculty, explore the role basic science has in clinical and translational research.

Speaker

Jeffrey Karp, PhD

Brigham and Women's Hospital, Harvard Medical School, Harvard Stem Cell Institute, Broad Institute, and Harvard-MIT Division of Health Sciences and Technology

Panel Discussion and Q&A Session

What role can you play in clinical and translational research?

- Jeffrey Karp, PhD
- Janet Mullington, PhD
- Enrico Cagliero, MD

June 27, 2016

6:00-7:30pm | Cannon Room, Building C, HMS

Registration required: bit.ly/cropp_panel2016

Sponsored by the Harvard Catalyst Education Program

Established in 2008, Harvard Catalyst | The Harvard Clinical and Translational Science Center is dedicated to improving human health by enabling collaboration and providing tools, training, and technologies to clinical and translational investigators. As a shared enterprise of the University, Harvard Catalyst is funded by the NIH, Harvard University, and its affiliated healthcare centers. Resources are freely available to all Harvard faculty and trainees, regardless of institutional affiliation or academic degree.
