

Applications due September 16

Sponsored by the Harvard Catalyst Education Program

Using Metabolomics Data in Network Medicine

November 14, 2016

Sheraton Commander Hotel, Cambridge, MA

What you'll learn:

- Difference between metabolomics and other types of omics
- Common data analyses and techniques
- Strategies for applying it to network medicine and other types of research

Eligibility

- MD, PhD, or equivalent
- Receipt of endorsement from an applicant's supervisor stating the applicant will be able to attend the module in its entirety.

Tuition-free for Harvard-affiliated institutions.

Harvard Catalyst Education Program's policy requires full attendance and completion of all activity surveys to be eligible for CME credit; no partial credit is allowed. Apply now.

Established in 2008, Harvard Catalyst | The Harvard Clinical and Translational Science Center is dedicated to improving human health by enabling collaboration and providing tools, training, and technologies to clinical and translational investigators. As a shared enterprise of the University, Harvard Catalyst is funded by the NIH, Harvard University, and its affiliated healthcare centers. Resources are freely available to all Harvard faculty and trainees, regardless of institutional affiliation or academic degree.
