

POSTDOCTORAL-LEVEL RESEARCH VISITING SCHOLAR FELLOWSHIPS AT STANFORD BIO-X

The Novo Nordisk Foundation's Visiting Scholar Fellowships at Stanford Bio-X offer young ambitious researchers the opportunity to carry out postdoctoral-level research at one of the world's foremost interdisciplinary institutes.

As a visiting scholar at Stanford Bio-X, you will have the opportunity to transcend the boundaries between scientific disciplines and work closely with leading international researchers in a unique research environment.

Applicant Eligibility:

- Will have obtained a PhD degree within 5 years of the fellowship start date
- Will have a solid education and experience with biomedicine and/or biotechnology
- Has a significant association to the Danish educational system or research environment, e.g. by having graduated from a Danish University or worked as a postdoc in Denmark

Up to two fellowships will be awarded, each lasting 4 years with 3 years at Stanford Bio-X followed by up to 1 year at a Danish university or other public or non-profit research institution. Up to DKK 4 million will be funded per fellowship.

Application Deadline:

14:00 (CET)
6 February 2018

Project start date:

between
24 September 2018
and 28 January 2019
