## Recruitment Talk for Principle Investigator (PI) Positions at Zhejiang University

**Dr. Yi Sun, Professor and Dean**  
**Institute of Translational Medicine, Zhejiang University,**  
**Hangzhou, Zhejiang, P. R. China.**

Dr. Yi Sun received his Ph.D. from the University of Iowa in 1989, and did his postdoctoral training at the National Cancer Institute. Following 8 years at Parke-Davis/Pfizer as Research Fellow, he joined the faculty at the University of Michigan in 2003, and was promoted to full professor in 2008. He joined Zhejiang University in 2014. His research focuses are to validate Cullin Ring Ligase (CRL) as a cancer target and to discover small molecule inhibitors of CRL for cancer therapy.

Dr. Sun is an author of over 200 articles and serves editorial boards of many scientific journals. Dr. Sun was elected as an AAAS fellow in 2012, and enrolled as a member of China's "National 1000 Talents Program" in 2013.
