Social Media language:

- Join @swissnexBoston us for #SwissSciences Night and explore the opportunities available with some of Switzerland's top institutions - science, art, engineering and more. Details and RSVP: bit.ly/SwissSciNight #SSN2019

About swissnex Boston:

[swissnex Boston](#) is the official representation of Switzerland's renowned research, innovation, and art ecosystems. Our mission is to create opportunities for Swiss researchers, academics, entrepreneurs, artists, designers and other future-makers to expand their reach and make

connections with the top innovators in the U.S. and Canada. We work with some of the world's leading academic and research institutions to facilitate partnerships that cross borders, disciplines, and methodologies. In this way, we are able to support Switzerland's renowned academic ecosystem by engaging and attracting the world's top research talent.
