

Seminar in
Modern Optics and Spectroscopy
Spring 2017

- March 7 **Renjie Zhou**
Massachusetts Institute of Technology
- March 14 **Daniel Neumark**
University of California, Berkeley
- March 21 **Rajeev Ram**
Massachusetts Institute of Technology
- March 28 **Melanie Schnell**
Max-Planck-Institut für Struktur und Dynamik

April 11 **26th Annual Lord Lecture**
Stephen Boxer, Stanford University
"Vibrational Stark Spectroscopy Connects
Electrostatics to Catalytic Rates at Enzyme Active Sites"

- April 18 **Laura Kaufman**
Columbia University
- April 25 **Ricardo Pablo Pedro**
Massachusetts Institute of Technology
-

All seminars held Tuesdays from 12-1pm in the Grier Room (MIT 34-401)

Refreshments served immediately following the seminar

Sponsored by the Laser Biomedical Research Center,
the MIT School of Science, the Department of Chemistry,
and the Department of Electrical Engineering and Computer Science
