

Seminar in
Modern Optics and Spectroscopy
Fall 2018

October 16

Elad Harel

Northwestern University

October 23

Amy Mullin

University of Maryland

October 30: The 12th Annual Dasari Lecture

Joseph A. Izatt, Duke University

*"New Technologies for Real-Time Ophthalmic Imaging
and Image-Guided Robotic Microsurgery"*

November 6

David Grimes

Harvard University

November 20

Colin Western

University of Bristol (UK)

November 27

Jeremy D. Rogers

University of Wisconsin

December 4

Andrew H. Marcus

University of Oregon

December 11

Hyung Min Kim

Kookmin University (Korea)

All seminars held Tuesdays from 12-1pm in 56-154

Refreshments served immediately following the seminar

Sponsored by the Laser Biomedical Research Center
the MIT School of Science and the Department of Chemistry
