FAIR GmbH: IT-Coordinator (m / f)
Kennz.:771500-13.105

LOCATION: Darmstadt, Germany

You will be responsible for:

- The planning, development and implementation of IT strategies in close cooperation with the management of FAIR and the experimental Collaborations at FAIR.
- The preparation of a Conceptual Design Report for FAIR computing
- The preparation of a Technical Design Report for FAIR computing
- Liaising with the experiments at FAIR to evaluate their computing requirements
- The coordination with the GSI GmbH IT-department regarding the implementation of these requirements
- The reporting to the FAIR shareholders regarding computing issues
- The evaluation of the network requirements between the FAIR site and the various national computing centres participating in the FAIR experiments
- Cooperating with other international science institutes on the development of distributed analysis frameworks

Profile:

The applicant should have a PhD degree (or equivalent) in one of the research areas of FAIR, or an equivalent degree in computing science. Since English is the official language at FAIR, fluent knowledge of that language is required.

Ideally, the applicant will be an effective communicator with several years of experience in a highly distributed computing environment. The ability to translate complex information into clear and digestible messages for a wide range of audiences is a required key skill.

Candidates may perform their work and duties on the basis of employment with the FAIR GmbH, or secondment, assignment or provision of personnel from other institutions to the FAIR GmbH. The FAIR GmbH offers attractive benefits and professional development in an international work environment. Competences and salary are commensurate with the importance and requirements of the position and conform to the salary scale for public employees in Germany.

Closing date for applications is 17 January 2014. Qualified women are particularly encouraged to apply.

Applications in English or German, an attached curriculum vitae and a covering letter quoting reference no. 771500-13.105 should be sent to the following address:

FAIR GmbH
c/o GSI Helmholtzzentrum für Schwerionenforschung GmbH
Abteilung Personal und Sozialwesen
Planckstraße 1
D-64291 Darmstadt
Germany
