

The MIT Program in Science, Technology, and Society presents:

# 2019 ARTHUR MILLER LECTURE ON SCIENCE AND ETHICS: The Promise and Peril of Artificial Intelligence

Identifying many of the social complexities and challenges that have arisen with computation and especially with artificial intelligence and machine learning.

**MAR HICKS, Panelist**  
ILLINOIS INSTITUTE OF TECHNOLOGY

Mar Hicks is a historian of technology, gender, and labor, specializing in the history of women in computing and focuses on issues of gender discrimination in the computing industry.

**ARVIND NARAYANAN, Panelist**  
PRINCETON UNIVERSITY

Arvind Narayanan leads the Princeton Web Transparency and Accountability Project to uncover how companies collect and use our personal information, and also leads a research team investigating the security, anonymity, and stability of cryptocurrencies.

**SHERRY TURKLE, Panelist**  
MIT

Sherry Turkle is Abby Rockefeller Mauze Professor of the Social Studies of Science and Technology in the Program in Science, Technology, and Society at MIT and the founding director of the MIT Initiative on Technology and Self.

**EDEN MEDINA, Moderator**  
MIT

Eden Medina is Associate Professor of Science, Technology, and Society at MIT. Her work uses technology as a means to understand historical processes and she combines history, science and technology studies, and Latin American studies in her writings.

**MONDAY, NOVEMBER 18, 2019**

Bartos Theater & Lower Atrium  
20 Ames Street, Cambridge

**4:30PM Panel Discussion & Audience Q&A**
