

Outreach Assistant, Documentary Film

COSMIC CODA

Seeking a proactive outreach assistant with connections in the scientific community to work with the director and producer of the award-winning documentary film [Cosmic Coda](#). The role involves reaching out to the scientific community with information about the film, compiling lists of potential screening partners, helping to promote film screenings, maintaining a database of supporters and other related tasks as they arise. Strong organization, communication and online research skills are essential, along with a passion for the film.

Familiarity with LIGO would be helpful, but not essential.

Pay is \$30/hour as a contractor, approximately 5 - 10 hours a week over a 6 month period of time. Fully remote. Flexible schedule. Start date could be as soon as December, and no later than January.

To apply, send an email to maryjane@bu.edu with the subject line "Outreach - Cosmic Coda." Please include your resume and a short statement about why you are enthusiastic about this position. We will accept applications until the position is filled.
