

WAS THE ORIGIN OF LIFE A MIRACLE?

A lecture on our origins, the nature of miracles, and the scientific method.

By Dr. Karin Öberg, Professor of Astronomy, Harvard University

NOVEMBER 13TH

11:00 AM, W11 - Main Dining Room

REFRESHMENTS

10:30 - 11:00 AM, W11 - Main Dining Room

GOLD MASS FOR SCIENTISTS AND ENGINEERS

9:30 AM, MIT Chapel

The Gold Mass is in the tradition of special Masses for members of different professions. Called the Gold Mass as gold is the color of the hood worn by individuals graduating with a Ph.D. in science. The oldest Mass for professions, the Red Mass, began in the 13th century for lawyers and lawmakers. The first White Mass for health care professionals and Blue Mass for law enforcement were introduced in the 1930s. The first Gold Mass for scientists and engineers was held at the Massachusetts Institute of Technology on Nov. 15, 2016.

This Lecture Is Made Possible by a Grant from the Catherine McLaughlin-Hakim Fund
